Financing

Wastequip Offers 5.99% through FirstLease

**Capital Preservation • Credit Preservation • Easier Budgeting •
Financial Efficiency • Flexibility**

NO end-of-lease fees

Some leasing companies offer \$1.00 purchase options, but when the time comes for your lease to terminate, they tack on additional fees that you'll have to pay before owning the equipment. We promise that none of our end-of-lease options carries additional charges. You've earned the right to own the equipment and shouldn't be prevented from doing so.

NO interim rent

There's a tradition in the equipment leasing industry to charge interim rent for the days between funding and a customer's first payment. We believe in a fixed payment philosophy. No matter when the lease begins, you will face no interim rent fees.

NO early termination fees

As a service to you, we do NOT charge any penalty for an early buy out. After 12 consecutive timely payments, you may payoff your lease and you will receive a discount on the contract.

10-day grace period

We understand that a customer sometimes needs a little extra time to make his/her payment. Rather than hitting you with a penalty for sending a check one day too late, we give you 10 days after your due date to make a payment.

One late-fee waiver coupon

Payments can get lost on a bookkeeper's desk or sometimes in the mail. That's why we provide our customers with one late-fee waiver coupon. Should you incur a late fee during your lease, FirstLease will waive the first one as a courtesy.

Terms and Conditions:

Only available to those who qualify through FirstLease application, based on total invoice, and credit approval. Available for new orders only signed after 02/01/2009. Offer Expires June 15th, 2009. Subject to terms and conditions at the time of agreement. Promo rates are subject to change without notice, and are not guaranteed. Below industry average doc fee of \$150. \$25,000 to \$50,000 - 6.99%, \$50,000 to \$100,000 - 5.99%
